Philadelphia, October 3 .--

Official confirmation was given this afternoon to the rumors which have been in circulation since last night that warrants have been issued for the arrest of United States Senator M. S. Quay and others prominent in State politics, charging misuse of State funds. District Attorney Graham this afternoon stated that the warrants had been issued charging United States Senator Quay, his son, Richard R. Quay, ex-State Treasurer Benjamin J. Haywood and Charles McKee of Pittsburg, the law partner of Lieutenant Governor Lyon, with conspiracy with the late John S. Hopkins, formerly cashier of the People's bank, to make use of the State's funds in stock specu-

lation. The affidavit upon which the who is an attache of the district attorney's office. Hopkins, who is named in the affidavit, committed suicide in March last and an examination of the bank's conbank's assets were impaired. The bank at once went into liquidation and President McNeans obligated himself personally to proteet all creditors. At that time the deposit of State funds amounted to \$505,000, which amount ans since been paid into the State treasury by Mr. McMeans. Thomas A. Barlow was appointed receiver of the bank when it closed its doors. Mr. Barlow is also assistant district attorney, but District Attorney Graham stated today that the prosecution had originated in his office and that Mr. Barlow, in his enpacity of receiver, had not in any way been instrumental in bringing the charges. The warrants were today placed in the hands of the Pinkerton detective agency for

Senator Quay arrived in the city from Washington today. When seen at his hotel he said that he came here to permit the service of his summons and to arrange to defend any charges made against him. He refused to discuss the matter. Senator Quay and his son. Richard, appeared before Maglatrate Jermon this afternoon and entered ball in the sum of \$5000 each for a hearing Thursday. David A. CAMPAIGN FOR BIMETALLISM

William H. (Coin) Harvey of Chicago Is Appointed General Manager of the Allied Forces.

Chicago, October 3. - The Hon, James K. Jones of Arkansas, chairman of the National democratic committee, has appointed General William A. Stone of Missouri, ex-Governor John P. Altgeld of Illinois, Senator William V. Allen of Nebraska and Senator Teller of Colorado to act in conjunction with himself as a committee on ways and means. This committee addressed the following letter to Mr. Wm. H. Harvey (Coin) of Chicago:

Mr. William H. Harvey, Chloago, Ili-Dear Sir: The undersigned committee on ways and means to further the cause of bimetallism and overthrow of corrupt republican domination of this country, tenders you the position of general manager of its work. You will observe the committee represent not only the democratic party, but the allied forces that are working with it for the protection of the republic and free institutions, and it is in a spirit of harmony and true patriotism that we desire your assistance.

David H. Lane, the republican leader, became bondaman for Senator Quay and his son and this afternoon they returned to the seashore. By advice of their attorney they declined to discuss the case. They will come back to the city on Wednesday so to be in full time for the hearing.

Mr. Haywood is in Montana and Mr. McKee in New York. United States Senator Penrose, who

was with his colleague this afternoon, spoke freely after the latter's departure for Atlantic City. I presume Senator Quay will not make any statement at this juncture." "regarding this last dastardly attack of his malevolent exemies,

though he doubtless will, in the prop er time. There is, however, no reason why I, as his colleague and personal friend, should be silent. Attempted assassination of character has been almost the sole weapon of attack empleyed by Senator Quay's opponents for several years, and the methods pursued which have been augmented in victousness and vindictiveness have been ineffectual. As a last despairing effort of an unscrupulous conspirutor comes this brutal move of the opposition, which they have had upon their programme for weeks, with the desperace hope that it might in some way aid in the election of a democratic legislature. The people of Pennsylvania are, above all things else, fair and just and they can be trusted to see through the sinister motives antmating the small caterie of disgruntled. defeated politicians who are responsible for this sensational resort to the courts. In due time there will be a complete exposition of the true inwardness of this latest act in the drama of character assessination now so conspicuous a feature in Pennsyl-

District Attorney Graham said that from evidence in the shape of letters and papers turnished him be believed it his duty to begin proceedings. He added: "I propose to have a hearing as quickly as possible and to produce at that hearing all the facts necessary to a binding over. Some of the facts will be reserved until the time of the trial.

"If the state of affairs as represented to me is true, ie ought to be exposed. This rottenness ought to be shown up, no matter upon whom it reflects. It is not my practice to speak in advance of the trial of a case, and I will say nothing further as to-its merits.

"It was first brought to my knowleige on Friday. Although Mr. Barlow is assistant district accorney, none of these facts were given me by him. He niways kept his duties as receiver entirely separate from his duties in this office. When sent for in connection with the evidence that we sought he cheerfully and willingly delivered up what was in his possession."

Mr. Graham expressed a firm determination to proceed vigorously. James McManes, formerly president

of the defunct People's bank, said he had known the warrants were to be issued, although he had nothing to do with the action. Mr. McMunes added: "Senator Quay and his son Richard both had their personal notes discounted at the bank, the last of which matured after the bank had closed its doors. The notes were all promptly paid when due, and neither Mr. Quay nor his son is indebted to the bank one dollar that I know of. My feelings toward Mr. Quay and the other men are of the most friendly character. Mr. Quay and I had our differences in days men warmy
